

Networking Quick Guide

Importance of Networking - It's not what you know, it's WHO YOU KNOW

Experts say 70% to 90% of jobs are within the hidden job market, which are best accessed through Networking.

- Networking can provide:
- Industry information
 - Career support
 - Leads on job openings
 - Invaluable information not available otherwise

Getting Your Network Started

- Every person you know can help you get one step closer to your goal. Consider these possibilities for networking!
