

**University of Illinois Springfield**  
**Student Government Association Resolution 031**  
*Relocate Career Development Center to Student Union in 2018*  
Resolution Sponsors: Senator Jin

**WHEREAS**, the University of Illinois Springfield (UIS) Student Government Association (SGA) is vested with the authority to be the voice for the student body; and,

**WHEREAS**, the UIS Career Development Center is an important career development resource with the potential to provide significant and practical career advice and guidance for UIS students; and

**WHEREAS**, the Career Development Center provides services impacting the development, job placement, retention, and success of UIS students; and,

**WHEREAS**, the Career Development Center helps the university fulfill its mission of providing “its students with the knowledge, skills, and experience that lead to productive careers in the private and public sectors;” and,

**WHEREAS**, the UIS Career Development Center’s location does not befit its purpose nor its potential, as its location significantly reduces its visibility and, therefore, importance or relevance to many; and,

**WHEREAS**, the Career Development Center may become even less frequented when the Student Union opens because of its unsuitable location, which may further diminish its visibility and importance to many UIS students; and,

**WHEREAS**, other offices assigned future space in the Student Union will arguably have less impact on the future development and success of UIS students; and,

**WHEREAS**, the Student Union will largely be paid for by students through student fees; and,

**WHEREAS**, there is time to make the logistical adjustments to plan for the inclusion of the Career Development Center in the Student Union feasible.

**THEREFORE, BE IT RESOLVED**, the Career Development Center should be relocated to the Student Union when the facility opens its doors in 2018.
